

**SECTION B**

**I. Entering of roses for the competition**

The roses entered for the competition must be on the market not longer than 2 years. Roses entered for section A cannot be accepted in section B.

**II. Number of entries**

There is an unlimited number of entries, as the Botanical Garden has at its disposal a lot of area allotted for the new rose competition

**III. Deadline**

Regarding the Polish climate we accept roses till the end of December and then after winter break from 1st of March till 30<sup>th</sup> of April. There is possibility to send plants in January-February depending on weather conditions. Always check the website or send us question if it is possible to accept roses ([info@warsawrosetrials.pl](mailto:info@warsawrosetrials.pl))

**IV. Number per variety**

The participant is obliged to supply the roses free of charge, quantities are listed below.

**Floribundas and hybrid Teas (F, HT) - 15 plants**

**Park and shrub roses (PK, S) – 15 plants**

**Patio roses (Patio) – 15 plants**

**Groundcovers (GC) – 5 plants**

**Climbing roses (CL) - 5 plants**

**V. Application form**

Application should be made on form B. Please return the completed form as stated in deadline to:

**Botanical Garden PAN**

**Kamila Rakowska-Szłazkiewicz**

**Warsaw Rose Trials**

**Prawdziwka Street 2**

**02-973 Warsaw**

**Poland**

Or by E-mail: [info@warsawrosetrials.pl](mailto:info@warsawrosetrials.pl)

Confirmation of registration will be mailed as soon as possible.

**VI. Preparing of the roses**

Roses should be bundled according to variety and the bundles should be labelled with the name and the category of the rose. If possible avoid pruning plants.

## **VII. Dispatch**

Roses must be well packed, protected from drying out, labelled with the sender's name and an address. The plants sent from non-EU countries must be accompanied by necessary phytosanitary certificates. Will you please send the parcel to:

**Botanical Garden PAN**  
**Kamila Rakowska-Szlazkiewicz**  
**Warsaw Rose Trials**  
**Prawdziwka Street 2**  
**02-973 Warsaw**  
**Poland**

## **VIII. Protection of the roses**

We can assure you that your roses will be safe at the area of the Botanical Garden, and will be taken care by our rose specialists. Due to Polish, harsh winter conditions, all roses planted in autumn will be protected by piling soil over the base of the plants which is enough in our region.
